

RPO and RPE in Belgium

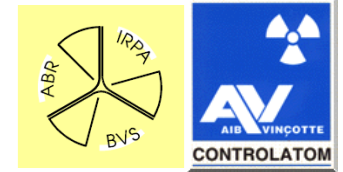

Case study of installations without own qualified health physicist

J. Van Cauteren – P. Froment

Health physics organisation

People involved

BSS

ARBIS/RGPRI

RPE

Qualified Health Physicist

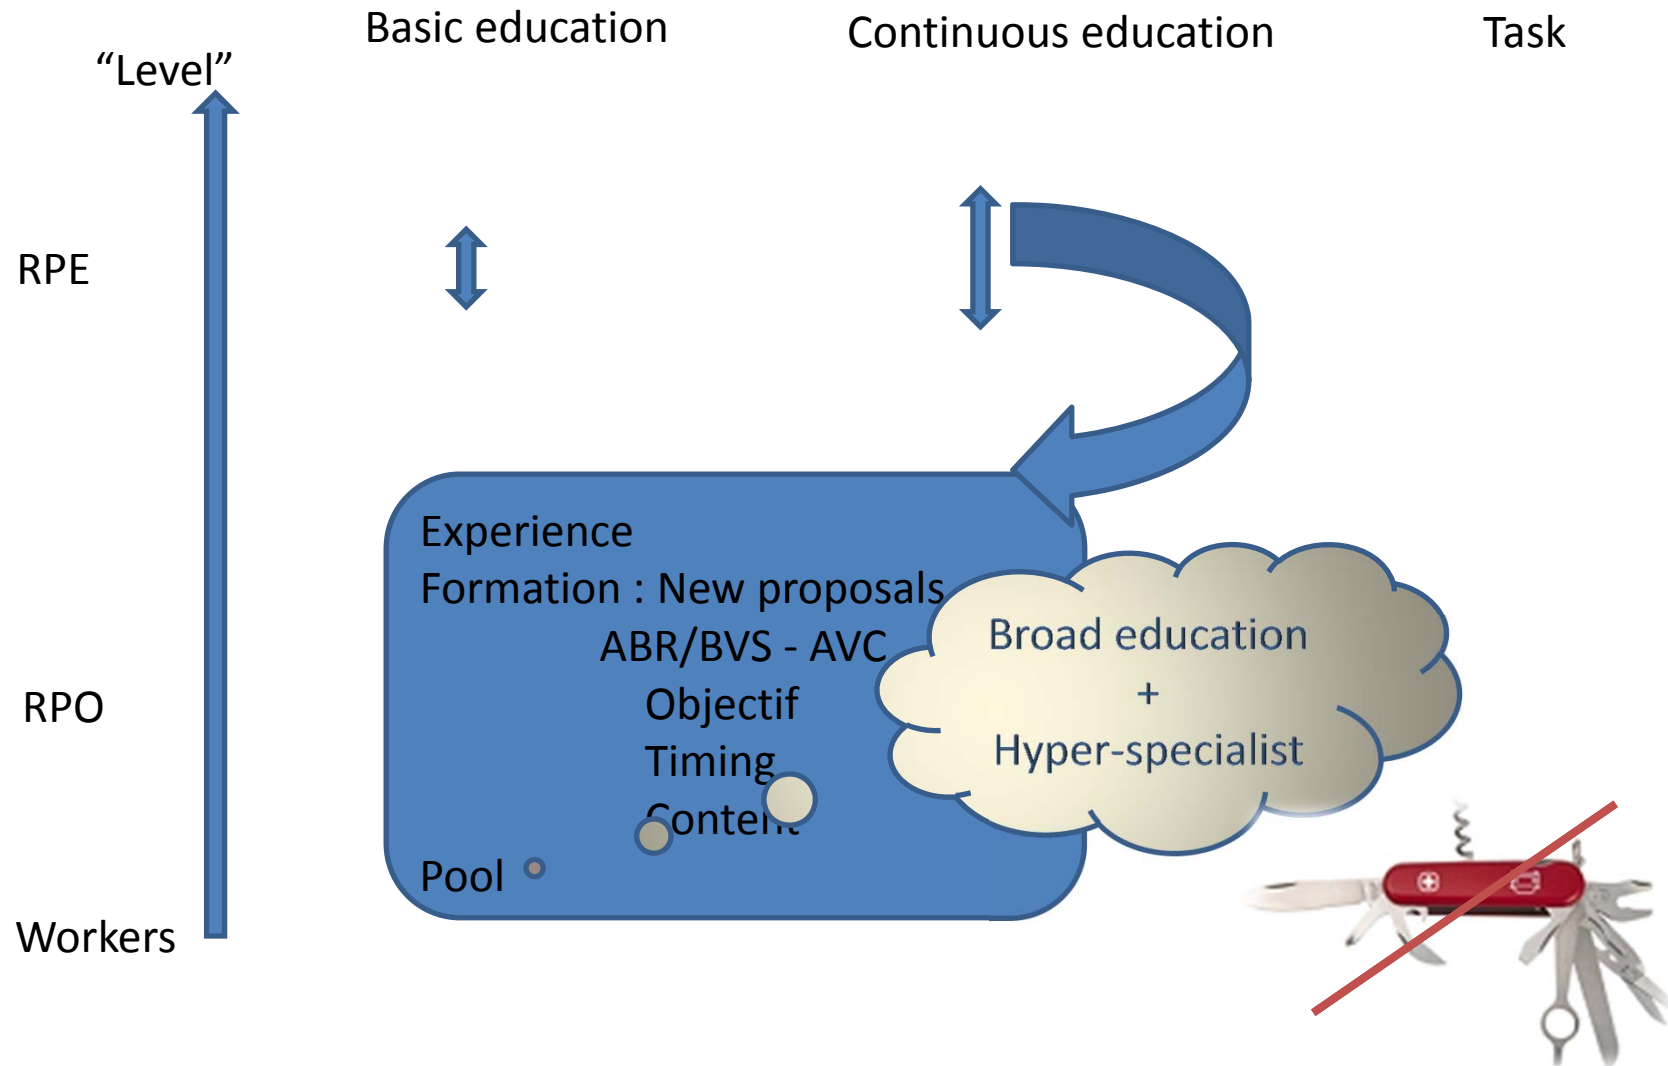

RPO

Préposé surveillance /
Aangestelde voor bewaking
Local supervisor (LS)

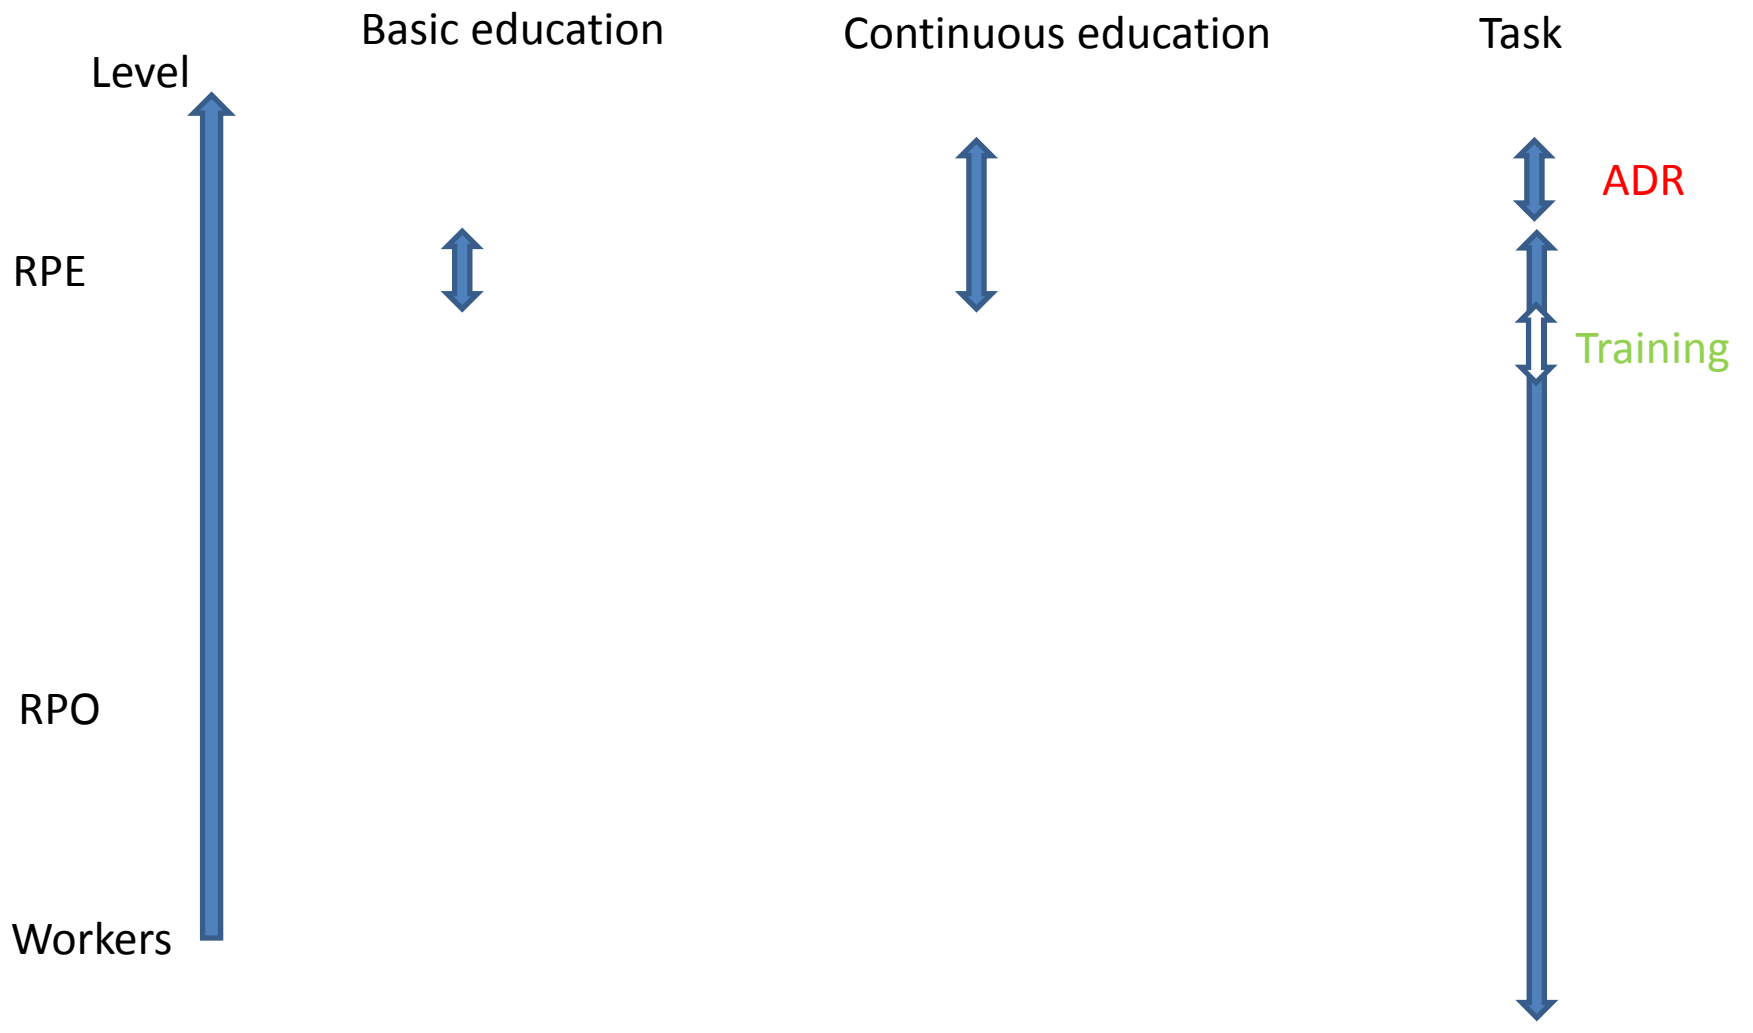

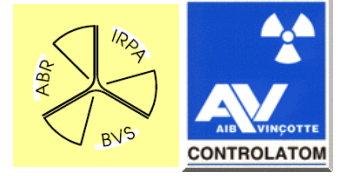

Workers

Workers

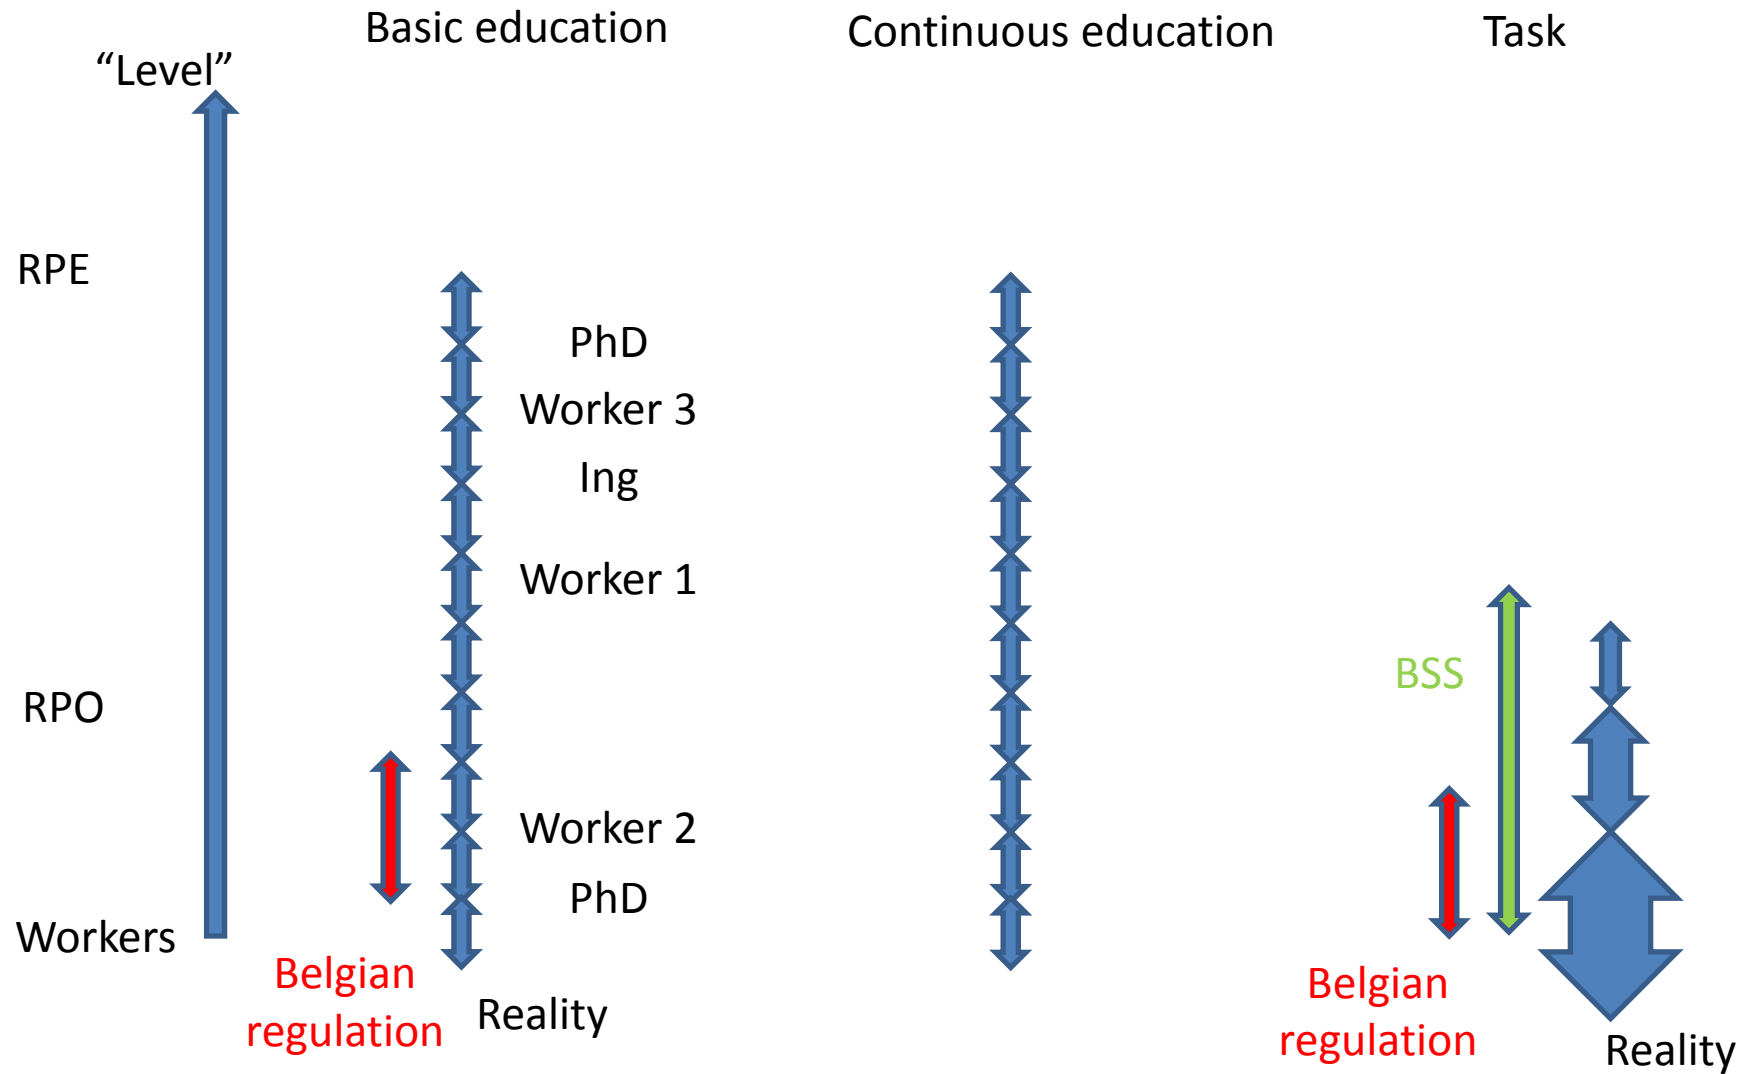

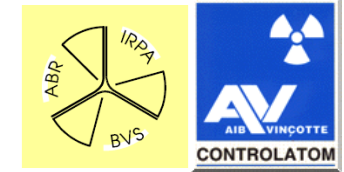

People involved : Qualified Health Physicist (QHP)

People involved : Qualified Health Physicist (QHP)

People involved : Local supervisor (LS)

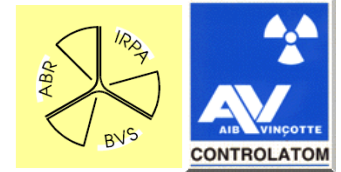

Conclusions

Compliance with future BSS ?

RPE - qualified health physicist

- Basic education : ok
- Continuous : AVC : ok (with future propositions)
- “Dream” : team with “hyper-specialist”
- Task : training (ok) – ADR (ok)

Conclusions

Compliance with future BSS ?

RPO – Local Supervisor

- LS is not a RPO !
- Formation vs requirements ??
 - Need full description of rules
 - Dedicated formation
 - Means allowed (time, responsibility)

Thank you for attention
